

A complete solution to your Video Conferencing and Telepresence technical furniture requirements

VC-01-C

VC-02-C

VC-03-C

The VC range of Video Conferencing units are for single and twin screen installations capable of holding up to a single 70" screen for the VC-01-C, twin screens up to 57" on the VC-02-C and up to a single 52" screen can be mounted on the VC-03-C.

The cabinets have shelving or 2 x 11U 19" racking and locking doors as standard, with optional rear security grills to safeguard the equipment. Standard finish options are Oak and Walnut with Beech, Maple, Cherry and Ash available at an extra cost. As a special order we can manufacture the cabinets to any size and any finish specification.

Camera positions can be below, above or between the screens. Cubby holes and power and data distribution can be easily accommodated to meet your clients' requirements.

VC Stands with camera and codec shelves

Video Conferencing Desks

Mode-AL manufacture desks for Video Conferencing and other technology intensive applications. We can incorporate manual or motorised Screen Pop-up Mechanisms, Microphone Mounts, Cable Cubbies, Power and Data Distribution modules and many more into the desk. Under the desk you will find comprehensive cable management with cable trays running to each node and utilising the legs of the desk to drop the wiring to the floor.

As with all of our furniture, we design and manufacture in-house, including all the screen mountings and mechanisms, giving Mode-AL a unique ability to custom manufacture to your exact requirements.

5 seat V shaped VC desk with 3 Screen Pop-Up mechanisms, incorporating Cable Cubbies and Microphone mounts

7 seat V shaped VC desk with 5 Screen Pop-up mechanisms and Cable Cubbies with Microphone mounts

Telepresence

Vx Range

Designed for the new generation of Telepresence systems from:

Polycom: ATX

Cisco: (Tandberg) T3 Custom Edition

Lifesize: Conference 200.

The VX range is a versatile system allowing 3 or 4 screen setups to be wall mounted, freestanding or enclosed within their own sound proof enclosure.

The accompanying desks provide 4 levels of features:

VT-6001: basic 6 person desk with cable access holes & modesty panel

VT-6021: as 6001 but with 2 cable cubbies with mains outlets, VGA flying lead, and retractable cat 6, USB and 3.5mm audio connectors

VT-6301: with 3 screen lifters for previewing documents

VT-6331: As 6301 with 3 additional cable cubbies built into the screen lift
